## What makes us work for you?

### We work your way

We know you're busy and often the circumstances leading to the instruction of a Solicitor are stressful at best. We can work by email, over the telephone or face to face. Can't make it to our office? Let us come to you.

### We know you're not a legal expert

...Otherwise you wouldn't be calling us! Whatever the area of practice, our Solicitors understand that just because it's what we do every day it is not what you do every day. We want to make things as simple and straightforward as possible for you and that is why we have provided some helpful guides, written in plain English, available to view and download for free on our website.

# What makes us work for you?

## We are transparent

When you contact us we will offer you a free 20 minute consultation either in person or over the telephone with one of our solicitors to discuss exactly what we can do for you and what the next steps will be. We are cost-aware and want to provide an affordable yet thorough and efficient service to all of our clients, keeping you fully aware and involved in the decision-making processes from start to finish. Unlike some of the larger city firms, our location means we can provide you with the expertise you need, without the big city price tag.

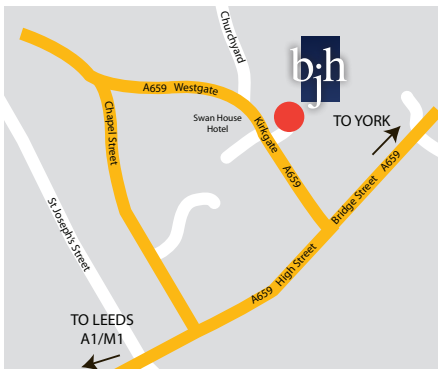

## We listen

All said and done we act for you, so if there is something that you need from us that we haven't already covered, tell us. We are a progressive firm and we want to give you with the best possible experience so that you will come back to us time and time again.
